KNITTING *and* CROCHETING

The Popular Hand Work of To-day

THE artistic appreciation of hand work, which is felt everywhere, nowadays, and the increasing use of fine yarns, have had much to do with the development of the Art of Knitting and Crocheting. To the uninitiated, it seems remarkable that the quality of the yarn has so much to do with the beauty of the completed work. But the expert knitter knows that fine yarn shows itself, not only in rich and perfect colorings, but in softness and loftiness of thread and in beauty of texture. Cheap yarn condemns itself by the dullness and harshness of the finished article, in spite of the good work that may have been put into it. An article made of COLUMBIA YARNS is the ideal of beauty in its line.

To all who are interested in Knitting and Crocheting, whether as beginners or as advanced workers, this book will be found of invaluable assistance. The instructions are simple, clear, and thorough, and the illustrations make every point plain.

The beginner will find every step explained carefully. The book is her teacher and is always at hand to repeat the lesson as often as she needs it, or to progress as rapidly as she is able.

The skilled knitter will find it full of ideas, even for her advance work,—new articles, new stitches, etc., all clearly illustrated and described.

In short, it is a complete manual in the Art of Knitting and Crocheting, and its study means pleasure and success in this delightful occupation.

The pleasure you get from knitting and crocheting is of itself a sufficient reward for the labor. But there is also a practical reward in the possession of more beautiful and useful things than many a woman can afford to buy

First Stitches: Knitting

TO CAST ON STITCHES

Make a loop in the yarn, and put it on the left-hand needle. Slip the right-hand needle into the loop, throw yarn around the point of right-hand needle, draw it through and slip that loop on the left-hand needle. Put the right-hand needle into the loop just made, and repeat until you have the required number of stitches.

TO KNIT PLAIN

Having the number of stitches required on the left-hand needle, slip the right-hand needle into the last stitch made. Throw yarn over right-hand needle and draw through stitch. Repeat until all the stitches are on the right-hand needle.

TO PURL OR SEAM

Bring the yarn in front of the right-hand needle, take up the stitch on the left-hand needle by slipping right-hand needle into the front of stitch. Throw yarn around the back of needle as it passes in the stitch, catch it in, and take it off. Be careful always to carry the yarn back of the needle after a purled stitch before knitting a plain stitch.

Columbia Yarns wouldn't be so beautiful or wear so long if they weren't made from the finest wool

First Stitches: Knitting

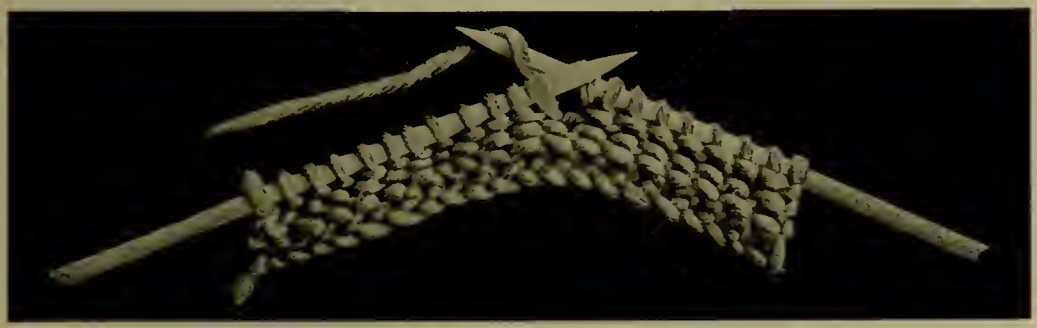
TO SLIP A STITCH

Take the stitch from the left-hand to the right-hand needle without knitting it

TO MAKE A STITCH

To increase or make a stitch insert the needle in the stitch, make a stitch, then in the back of same stitch make another stitch, now slip the stitch off the needle, this gives you 2 stitches in 1. By this method of increasing a stitch, a stitch is added without making a hole in the work.

TO MAKE A STITCH WHEN PURLING

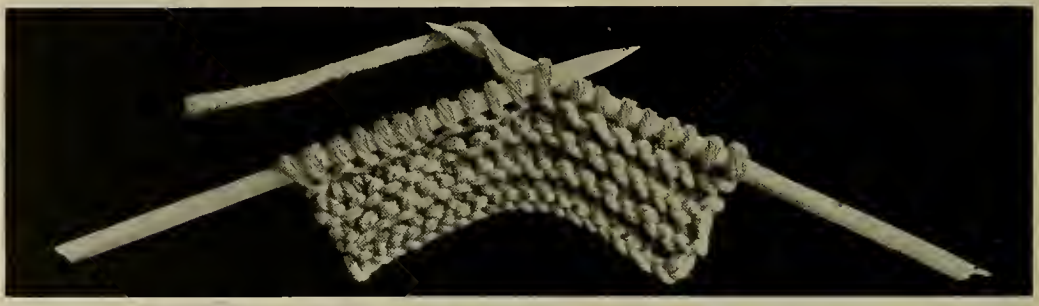


The yarn being already in front of the needle, must also be passed around the needle

An introduction to Columbia Yarns always leads to a delightful and lasting friendship

First Stitches: Knitting

TO MAKE A TWIST STITCH



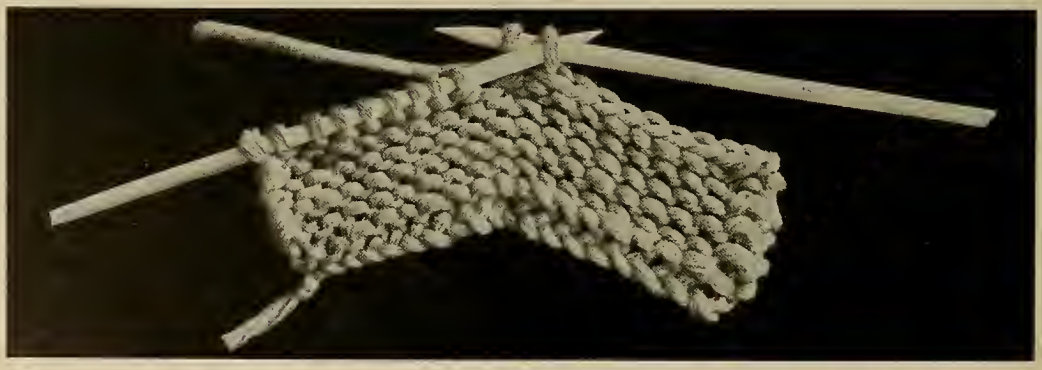
Like plain knitting, except that the needle must be put in the back of the stitch. Then knit as usual.

TO SLIP AND BIND

Slip the stitch from the left-hand to the right-hand needle without knitting. Knit the next stitch, then pass the slipped stitch over the knitted one.

Note.—Sometimes the slipped stitch is passed over 2 and even over 3 stitches knitted together, where it is necessary to decrease the number of stitches.

TO BIND OFF



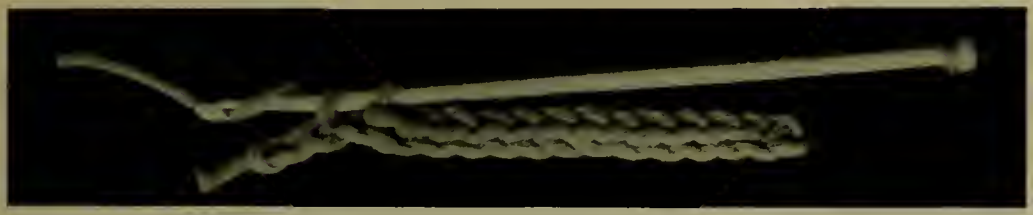
Knit the first 2 stitches, pass the first stitch back over the second stitch, knit 1 stitch, pass the stitch on the right-hand needle over it, and repeat, until but 1 stitch remains. Draw yarn through and break off.

First Stitches: Crocheting

CHAIN STITCH

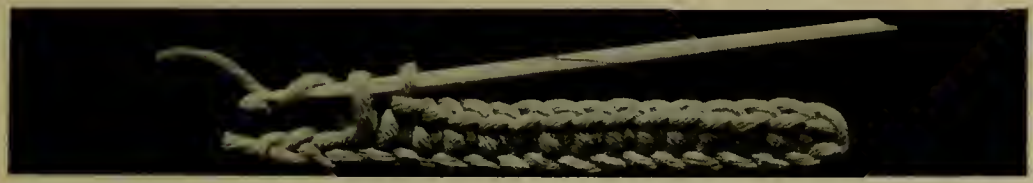
Make a series of loops, drawing each loop through the preceding one.

SLIP STITCH



Skip first stitch of chain. Insert the hook in next stitch, throw yarn over hook and draw through both loops on needle.

SINGLE CROCHET



Insert hook, draw yarn through, pass yarn around the hook, and draw it through both loops on the hook.

The fine quality and brilliant coloring of Columbia Yarns are an inspiration to the knitter

First Stitches: Crocheting

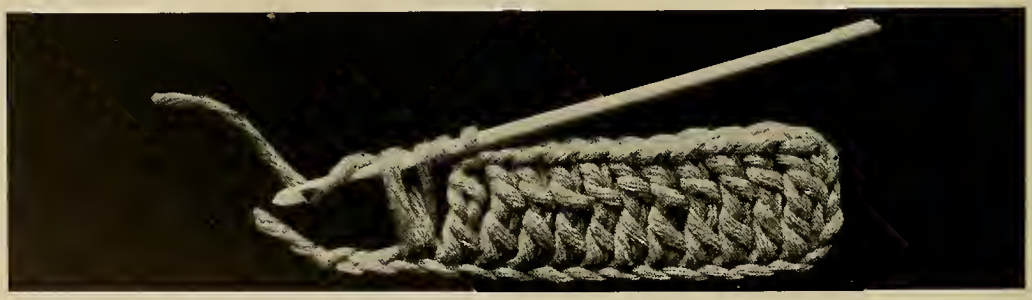
DOUBLE CROCHET

Pass the yarn around the hook, insert the hook, draw yarn through; pass the yarn around the hook and draw yarn through 2 loops and again through 2.

LONG CROCHET

Pass the yarn around the hook, insert hook, draw yarn through; pass the yarn around the hook and draw it through 1 loop, then through 2, then again through 2.

TREBLE CROCHET



Pass the yarn around the hook twice, insert the hook, draw yarn through; pass the yarn around the hook, draw through 2 loops, again through 2 loops, and again through 2.

Knitting was once a woman's duty—it is now her pleasure, and, with Columbia Yarns, her art

Explanation of Terms Used in Knitting and Crocheting

In the preceding pages are found the first stitches in knitting and crocheting, the more complex stitches are made by various repetitions and combinations of the simple ones already given. Therefore you will find references continually to the first steps, and the references are abbreviated. Thus, "work Sg. C or D C" means "work a single crochet or a double crochet"; the method of working these has already been explained on pages 9 and 10. The following is a list of the abbreviations used, with the explanation of them:

Ch.—Chain stitch. Explained on page 9.

Sl. St.—Slip a stitch. Explained on page 9 (crocheting) or page 7 (knitting).

Sg. C—Single crochet. Explained on page 9.

D C—Double crochet. Explained on page 10.

L C—Long crochet. Explained on page 10.

T C or Tr. C—Treble crochet. Explained on page 10.

P—Picot.

C—Crochet.

Th. O—Throw over.

Stars, thus * *, mean that the work described between them is to be repeated. They save unnecessary description where a row is the same as a preceding one.

Wrap—Means to throw yarn over needle.

With bone needles pick up on one side sufficient stitches, knitting twice into some stitches, until you have 112 stitches taken up. Knit this in rib stitch of 2 plain and 2 purl until you have 123 needles knitted, mark here for armhole and continue until you have 52 more

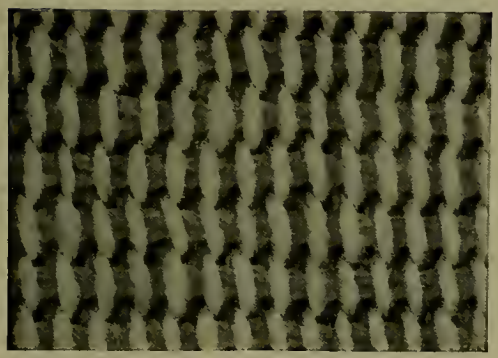
AFGHAN STITCH



AFGHAN STITCH

This stitch is to be worked with a long, even hook. Make a chain the length required; draw a loop through every stitch of chain, leaving loops on the hook.

Second Row—When all stitches are taken up, throw yarn over the hook and draw through 1st stitch; throw yarn over and draw through 2 stitches. Continue throwing yarn over and drawing through 2 until a single loop remains on the hook. The loops thus drawn through look like upright stitches.

Third Row—Pick up each of these stitches, and draw a loop through, leaving each on the needle. When all are picked up repeat second row. (Repeat second and third rows alternately.)

POPCORN STITCH

Make a chain the length required.

First Row—1 plain crochet stitch in chain, then take up next stitch on chain; keep the stitch on needle and crochet 3 chains, the 4th stitch taken through both stitches. (This forms the raised stitch or popcorn.) After the popcorn stitch, make a Sg. C, then a popcorn, so on to end of chain. Break off yarn.

Second Row—Commence with 2 Sg. C stitches, take the needle through both stitches so that the popcorn stitch will come in between those of the 1st row, and continue in a like manner, as in the 1st row, putting 1 Sg. C between each popcorn through the whole work.

INSTRUCTIONS

Make a chain of 75 stitches.

First Row—1 plain crochet stitch in chain, then take up next stitch on chain. Keep 1 stitch on needle and crochet 3 chain stitches, the 4th stitch taken through both stitches. (This forms the raised stitch or popcorn.) After the popcorn stitch, make a Sg. C, then a popcorn, and continue in like manner to the end of chain, making 37 popcorns in the length of afghan.

Second Row—Commence with 2 Sg. C stitches, take needle through both stitches so that the popcorn will come in between those of the 1st row, and continue in a like manner as in the 1st row, putting 1 Sg. C between each popcorn through the whole afghan.

You must make popcorn come in between those of the row you have just finished.

Finish the afghan with 2 rows of star stitch around the entire article, and a row of popcorn stitch between them, and edge with chain of Pink and White. Take up stitch in centre of star and crochet 5 stitches with White, then take up centre of next star and crochet 5 stitches of Pink (this makes it necessary to have both colors going at the same time). In taking up the centre of the 3d star, cross the White over the Pink, and continue in like manner all around the afghan.

INSTRUCTIONS

Make a chain of 80 stitches.

First Row—1 Sg. C in the 2d stitch of chain, * draw a loop through each of 3 successive stitches; this will leave 4 loops on the hook. Draw yarn through 1 loop, throwing the yarn over the hook and drawing through 2 loops, yarn over drawing through 2 loops, yarn over drawing through the last 2 loops, chain 1, and fasten down with a Sg. C in the same stitch where the last loop was made. Repeat from * to end of chain, break off the yarn. There will be 26 of these puff groups.

Second Row—Commence with Sg. C, * draw a loop through each of 3 spaces in the back of the puff group of 1st row; draw yarn through 1 loop, throwing the yarn over the hook and drawing through 2 loops, yarn over drawing through 2 loops, yarn over drawing through the last 2 loops, chain 1 and fasten down with a Sg. C in the last space where the last loop was made. Repeat from * to end of row.

The colors are to be used in following order:

5 rows White	2 rows White
1 row Blue	5 rows Blue
2 rows White	7 rows White
1 row Blue	1 row Blue
7 rows White	2 rows White
1 row Blue	5 rows Blue
2 rows White	2 rows White
7 rows Blue	1 row Blue
2 rows White	5 rows White
1 row Blue	

Finish the afghan with 4 rows of Sg. C, and a row of slip stitch between them, and edge with cord, made as follows:

Pick up the 1st Sg. C at either end of border, using Blue yarn; make a chain of 5 stitches, take up next stitch with White yarn, make a chain of 5 stitches (this makes it necessary to have both colors of yarn going at the same time); cross the Blue chain over the White and insert needle in the next stitch to the one you began with White yarn, and fasten with a Sg. C. Now take the White yarn and cross over Blue yarn and insert needle in the next stitch to the one to which you fastened the Blue yarn; chain 5 and continue in like manner all around the afghan.

INSTRUCTIONS

The afghan consists of 5 stripes: 3 Scarlet, 2 Lily White—7 shades of Scarlet, 6 of Lily White.

Commence with a chain of 291 stitches.

First Row—1 Sg. C in each chain stitch.

Second Row—Same stitch, picking up back stitch.

Third Row—1 Sg. C, then wrap twice for a treble, sticking in the 1st row of the Sg. C, then 3 Sg. C. Always pick up first the back stitch, then the treble, then crochet, and so on till end of row. At end of each row break off yarn.

Fourth Row—2 Sg. C, then the treble—this brings the treble back of the one in the preceding row. Then 3 Sg. C, 1 above the treble, which must be drawn through the stitch. For the other 2 pick up back stitch and continue thus until you have 5 Sg. C stitches at the beginning of row. Then commence the pattern again.

Make

4 rows of Darkest Red
4 rows of next
4 rows of next
3 rows of next

3 rows of next
2 rows of Lightest Red, with treble put in same as before.

On the next row put in the treble even with the one in the preceding row, putting the treble of this row in the treble of the last row. Then reverse the pattern and let the treble run the other way, making 1 more row the lightest shade (making 4 rows in all of the Lightest Red); then make the same number of rows for the other side of stripe.

For Lily White Stripe—

4 rows of Darkest
4 rows of next
4 rows of next
3 rows of next
3 rows of next
2 rows of Lightest

Then reverse same as in Red, join the stripes with the Red and the Lily White next to the darkest shade in each color, making a chain of 3 stitches of each shade, and crossing to form the cord. For shell use the same shade of Red as for cord, making 9 D C for each shell, 3 Sg. C between. For the picot use the same shade of Lily White as for cord.

These 14 rows form the first two patterns to be knitted throughout the garment. Knit until back measures 5 inches, then decrease 1 stitch each end of needle every other row until 10 stitches are taken off (5 each end). Continue knitting until back measures 11 inches. Leave 29 stitches for shoulder each end and bind off intervening stitches, and knit 1 front after the following directions, and the other to correspond: Knit shoulder to a depth of 1 inch. To slope the neck increase 1 stitch every other row toward front until 7 stitches are added. Now cast on towards front 30 stitches. There are now 66 stitches on needle. (In the right front make buttonholes beginning at the 1st square and in every other square following.) Knit front for 2 inches, then increase 1 stitch every other row towards the arm side until 15 stitches are added. Cast on 15 more stitches for the under arm (96 stitches on needle altogether). Continue knitting without further increasing until the under-arm seam measures 5 inches. To make the front a little longer knit from the front toward side seam, leaving 15 stitches on under-arm needle, turn and knit back toward front, turn and knit toward under arm, leaving 5 more stitches. Continue this way until 40 stitches are left on under-arm needle, including the first 15 stitches. Slip the stitches on steel needles for the belt, which is knit 2 and purl 2.

Start from the front and knit 2 together for the first 30 stitches, knit the remaining 66 stitches. Without further decreasing, knit belt 4½ inches deep. Then slip stitches on rubber needles again and increase 15 stitches on 1st row in the same place as they were decreased, and follow the pattern exactly again (96 stitches on needle). Then knit 6 inches more and bind off loosely. With steel needles pick up stitches from back for belt of knit 2, purl 2. In 1st row decrease the 90 stitches to 60 by knitting 2 together in the centre of back. Knit belt 4½ inches deep. Slip stitches on rubber needles, and increase again to 90 stitches in first row, being careful to follow the pattern

exactly. Bind off loosely. Sew side seams together.

SLEEVES—With bone or rubber needle cast on 48 stitches, increase 1 stitch each end of every row until 110 stitches are on needle. Cast on 11 stitches each end of needle. (Care must be taken to follow out the pattern properly on stitches that are added.) Knit 2 inches, then decrease 1 stitch each end of every 4th row until 90 stitches are left on needle. Knit without further decreasing until sleeve is the required length (measuring the inside seam), less 3 inches. Slip stitches on steel needles for cuff. In 1st row decrease to 60 stitches and knit 1, purl 1, for 3 inches.

COLLAR—Cast on 110 stitches on steel needles, knit 1, purl 1, for 4½ inches. Bind off loosely and sew carefully on sweater. Face fronts with ribbon, work buttonholes through and sew buttons on left front.

Knit to a depth of 22 inches for the entire back.

Right Front—Leave 20 stitches at each end for shoulders. Bind off intervening stitches. Knit the shoulders for 6 rows. Increase 1 stitch every other row towards neck until you have 35 stitches. Now increase 1 stitch at the other end also until you have 53 stitches altogether, then cast on 6 stitches for under arm, there are 59 stitches altogether. Knit 4 rows, then work a buttonhole this way: Knit within the last 6 stitches of front, bind off 3 stitches. Also knit pattern for 15 inches long, measuring from under arm.

Eighth Row—Knit 3, * purl 1, knit 7, repeat from * to end of row, ending with purl 3. The shoulders are now an equal depth.

Now cast on 22 stitches and take the stitches from the other needle. You should now have 83 stitches for the back.

added 8 stitches, making 91 stitches on needle. Make 12 diamonds, then decrease 1 stitch each end every 8 rows until 12 stitches are taken off. Knit 3 diamonds, then add 1 stitch each end every 4th row for 3 diamonds, then 1 stitch every 4th row for 3 diamonds. The back should be 23 inches long. Bind off loosely.

FRONTS—Pick up the 27 stitches for one front and after knitting 4 rows plain, knit your pattern and add 1 stitch every other row toward front until 7 stitches are added, cast on 18 stitches for the front. You should now have 52 stitches on the needle. Knit 3 inches, then add 1 stitch every other row toward armhole until 12 are added.

Cast on 12 more stitches for underarm and shape side seam exactly like side seam for the back. When you have equal lengths on both side seams knit from front toward side seam and leave 12 stitches on needle. Turn and knit back, leaving 12 more stitches on underarm needle each time until you have 15 stitches left on front side. This makes the garment slant toward the front. Bind off loosely.

In the right front make buttonholes with 3-inch space between (every 8 diamonds).

SLEEVE—With bone or rubber needle cast on 31 stitches, add 1 stitch each end of every row until you have 111 stitches. Knit 1 inch, then narrow 1 stitch each end every 4 rows until you have 65 stitches left. Knit without further decreasing until the sleeve is the required length, less 1¾ inches, measuring from the under side. Slip stitches on steel needles for cuff to be made of plain knitting and of the colored yarn. Knit first row, at the end cast on 10 stitches, knit back 2d row. At the end of 3d row add 1 stitch and do the same, adding 1 stitch every other row until 5 stitches are added. Make buttonhole in the next row, then begin decreasing 1 stitch every other row until you have 71 stitches left. Bind off loosely.

COLLAR—To be made of colored yarn in plain knitting. Start with 2 stitches on steel needles, add 1 stitch every other row on each side until you have 20 stitches, then add 1 stitch on one side only until you have 35 stitches. Knit until the shortest side is 7½ inches long, then shape end same as beginning.

Make two straps of colored yarn for the half belt in the back, 11 stitches wide and 6½ inches long from point to point, with buttonholes in each end of one strap and buttonhole in but one end of the other. To the end which

has no buttonhole a button is sewed which is buttoned into the buttonhole of the other strap. Two buttons are sewed onto the sweater either side of the back, on to which the belt is buttoned.

In sewing on the collar the longest side goes on the outside.

POCKETS—Cast on bone or rubber needles 23 stitches, knit for 6 diamond patterns, transfer to steel needles and with colored yarn knit 6 rows plain; then work a buttonhole in centre and knit plain for 4 rows, bind off loosely and sew carefully onto Jacket.

Knit 8 patterns, then decrease 1 stitch each end of needle every other row until you have taken off 6 stitches each side. Continue knitting until the back measures 11 inches (11 patterns).

Leave 13 stitches each end for shoulders and slip off the intervening stitches on the needle. On the 13 stitches knit 7 patterns, then cast on 50 stitches for front, and on the 1st row begin to increase 1 stitch every other row toward armhole until 12 stitches are added. Cast on 10 more stitches for under arm and knit same length as back (8 patterns). Now begin to knit from front to under-arm seam and leave 12 stitches on under-arm needle. Pick up stitches across lower part of back, and make waistband same as front.

YOKE—Either two or five needles may be used for this. With needles No. 3 and blue yarn knit 17 ribs in plain knitting and knit 2 stitches together at each corner; be sure to have an equal number of stitches on each front (50) and shoulders (38). Always take off the first 2, so that in turning the garment back and forth while working on it 2 will be taken off, first on one side and then on the other. After making the required number of ribs, knit 2 rows around the neck without taking off 2 together at the corners. Make beading same as for waistband. I row knit plain. Transfer on needles No. 1, knit 3 rows of knit 2, purl 2, then make the 6 rows for the edge.

SLEEVES—Start with 35 stitches and widen by increasing 1 stitch each end of every row until you have 100 stitches on needle. Cast on 10 more stitches each end, knit 1 pattern, then narrow 1 stitch each end every 4th row until 94 stitches are on needle. The length of sleeve is 12 inches or 12 patterns (inside seam).

CUFFS—Slip stitches on steel needles, knit 2 and purl 2, decrease the stitches to 72 by knitting 2 together 22 times in the middle of the 1st row. Make cuffs 6 inches long, ending with the points as at the collar, but no space for ribbon.

Fourth Row—* knit 2, purl 3, knit 2, purl 3. Repeat from * to end of row.

These four rows form the pattern to be knitted throughout the garment. Knit 1 inch of pattern, then decrease 1 stitch every inch at each end of the needle, until 10 stitches are decreased, then continue to knit until the back is 15 inches long. Begin to increase 1 stitch each end every 4th row until 10 stitches are added (5 each side) and continue to knit until garment measures 20 inches from under-arm seam to bottom, then bind off 5 stitches each end of needle. Knit 5 inches more. Length of back 15 inches from neck to waist, and 10 inches from waist to bottom. Leave 30 stitches each end for shoulders, and bind off intervening stitches. Knit 2 inches.

To shape the neck increase 1 stitch every row until 4 stitches are added, then add 36 stitches for the front. On a separate needle cast on 7 stitches for the little tab. Knit 4 rows, make a buttonhole and begin to increase 1 stitch every other row on the left end of needle, with right side of work toward you, until you have 10 stitches on the needle. Attach this piece to left front. (For the right front increase on the right end of needle with the right side of work toward you, care being taken to carry the pattern throughout.)

Knit 4½ inches, then begin increasing for under arm 1 stitch every other row until 10 stitches are added.

Cast on 20 stitches for under arm, knit 5 rows, begin decreasing 1 stitch every 3d row for 3 patterns, and every other row for 1 more pattern. Continue to knit until the front measures the same length as back from under arm to waist. Knit 10 rows. Begin to increase 1 stitch every 3d row for one pattern and every other row for 1 more pattern. Knit front same length as back, ending with 5 rows of knit 2, purl 2. Bind off loosely.

Take the other 30 stitches and knit the other front, care being taken to increase on neck and armhole on proper side of work, making buttonholes every 3 inches.

Sleeves—With bone or amber needles cast on 35 stitches, increase 2 stitches at beginning of every row until there are 100 stitches on needle; then cast on 10 stitches on each end of needle, care being taken to follow the pattern properly on stitches that are added. Knit 2 inches, then decrease 1 stitch each end of every 4th row until you have 90 stitches on needle. Knit without further decreasing until the sleeve is the required length, less 1 inch. Narrow the lower part of sleeve to 68 stitches by knitting 24 stitches, then 2 together 20 times, and knit the remaining 24 stitches.

Cuffs—Slip on steel needles and with white knit 1 and purl 1, for 1 inch, make the turn-back cuff in plain back-and-forth knitting. Knit for 4 ribs, make buttonholes on

both ends of needle for the links used in cuffs. Continue knitting and increase 1 stitch on both ends of needle every other row. Make cuff 3 inches deep. Bind off.

COLLAR—Pick up stitches on steel needles. You should have about 100 stitches. Reduce these stitches to 80 by knitting 2 together at front and centre of back. Knit 1 and purl 1 for 1 inch. Make collar of plain back-and-forth knitting, as cuffs are made, making buttonholes both ends of needle, into which button links are put.

POCKETS—With bone or amber needles cast on 28 stitches, knit pattern for 3 inches. With white finish top for ½ inch of plain knitting, make buttonhole in the centre, into which the button is put that is sewed firmly on the garment. Sew on pocket. One-inch ribbon is used for facing buttonholes.

Knit 9 inches, then decrease 1 stitch each end of needle every other row until 3 stitches are taken off each end. Knit 5½ inches more. Back measures 25 inches from bottom to neck. Leave 28 stitches each end for shoulders and bind off intervening stitches. Knit shoulders to a depth of 1½ inches.

Right Front of Garment—Increase 1 stitch at the neck every row for seven rows, keeping the ribs of purl 3 and knit 3. This increase is to shape the neck. Cast on towards the front 37 stitches. The grouping should now be made after this manner from the front. A broad rib of 19 stitches, knit 1, purl 1, alternated and a group of knit 3, purl 3, knit 3, purl 3, knit 3, purl 3, knit 3, purl 3, another rib of 19 stitches and a group of purl 3, knit 3, purl 3. flare of the skirt increase 1 stitch at the arm side seam every 4th row until 6 stitches are added. Then 1 stitch every 8th row for 6 more stitches. Now begin the shaping for the long front. Beginning at the front of the sweater, knit to within 18 stitches of the under-arm seam, turn and knit back. Turn and knit, leaving 6 more stitches on the arm-side needle, turn and knit towards front and continue in this way, leaving 6 more stitches each time on the under-arm needle until 35 stitches are left on front needle. This gives an extra length to the front of the garment. Slip all stitches on steel needle and rib 2 and 2 for ½ inch. Bind off loosely. Buttonholes must be made in the right front in the middle of the pleat at spaces of 3½ inches apart.

LEFT SIDE OF GARMENT—Follow directions for right front for shaping of neck and then cast on toward the front 29 stitches. Make all these stitches excepting 11 stitches at the front edge of garment into the groups of knit 3 and purl 3. The left front should be grouped as follows, counting from the armhole, purl 3, knit 3, purl 3, broad rib of 19, purl 3, knit 3, purl 3, knit 3, purl 3, knit 3, purl 3, knit 3, 11 stitches for the under flap, knit 1, purl 1. Then knit left front exactly like the right one.

SLEEVES—The sleeve is composed of 3 broad ribs of 13 stitches, knit 1, and purl 1, alternated and groups of purl 3, and knit 3, between. One broad rib in the centre where it is begun and one each side a group of purl 3, knit 3. Another broad rib on each side and another group of purl 3, knit 3. Using bone needles cast on 43 stitches.

First Row—Purl 3, knit 3, purl 3, knit 3, purl 3, knit 1, purl 1, knit 1, purl 1, knit 1, purl 1, knit 1, purl 1, knit 1, purl 1, knit 1, purl 1, knit 1, purl 3, knit 3, purl 3, knit 3, purl 3.

Increase one stitch every row both ends of needle until 99 stitches are on needle. The broad rib of 13 must begin with the increase of 2d row. The other stitches increased must be grouped in the purl 3 and knit 3, as stated above. When the 99 stitches are added cast on 15 stitches each side for under arm, keeping the grouping. Knit 1 inch. Begin decreasing 1 stitch each end every 4th row until 93 stitches are left on needle. Knit the sleeve the length desired, less 5 inches, measuring the inside seam. Slip stitches onto 3 steel needles for cuff. Knit 1, purl 1, knit 1, 24 times. Knit 2 stitches together 22 times. Knit the remaining 24 stitches, leaving 70 stitches. Knit 5 inches. buttons. A narrow belt is crocheted tightly in the slipper stitch. Make a chain of 8 crochet back and forth in Sg. C, taking care to insert needle in the back stitch of the preceding row. The belt should be very close and firm. The little straps through which the belt runs are knitted on steel needles, 4 stitches wide and are made of alternate rows of knitting and purling. They are made about 1½ inches long and bound off; 8 are required. They are sewed with yarn at the waist line on each side of the broad ribs in the back and front. The middle pleat of the front has no strap.

POCKETS—Cast on 24 stitches, group in purl 3, knit 3, knit 24 rows. Top of pockets knitted in plain knitting with buttonholes in 3d row.

INSTRUCTIONS

With white yarn make a chain of 85 stitches. Crochet 2 D C into the 4th chain stitch, skip 2 chain stitches, 3 D C into the 7th chain stitch, continue until you have 6 groups of 3 D C; then skip 2 chain stitches, 3 D C into the next chain stitch, make 1 chain and 3 D C into the same chain (this is the double group for the widening). Continue across, making 6 groups between each widening, which will give you 3 widening points, ending with 6 groups.

Second Row—Make 3 chains and turn. Make 2 D C between the 1st and 2d stitch of the first group; then make a group of 3 stitches between each group, then a double group into the double group. Continue this across the row, ending with 1 group between the 2d and last stitch. You will then have 7 groups between each widening. Repeat this second row until you have 34 rows. Be careful to have in each row 1 more group between the widenings.

Border—Beginning with blue yarn (at neck) 5 D C into 1 row, 1 Sg. C in the next row, 5 D C in the next row. Repeat this down the front of garment, then around the bottom, 5 D C into 1 group, 1 Sg. C into the next group. Continue this around the bottom and up the other front.

Second Row—With white yarn make 3 chain stitches and a half shell into the 1st Sg. C, and 1 Sg. C into the centre of next shell on the 1st row, continue with shell of 5 D C to end of row. Make 6 rows for the border, alternating the color, widen a little on the double groups and around the corners by putting 6 and 7 stitches into the shell. Make 1 row of D C with a chain between each stitch across the neck for the ribbon. Finish with blue a shell of 5 D C and a picot around the entire garment.

The 1st and 3d widenings are caught up and tied with the ribbon bows to form the sleeves.

C in the 5th stitch and 1 in each of the 6th, 7th and 8th stitches; * skip 2, and make 1 in each of the next 3 stitches; 3 in the next, and 1 in each of the next 3 stitches. First widening points will have 4 stitches on each side of centre group of 3 stitches, after 2d widening 5 stitches on each side, and so on. Widen in this way every 10th row adding one stitch on each side of the 3 centre stitches, until the skirt is long enough to leave opening for placket. When deep enough for placket, lap 1 point at one end directly over the one at opposite end and crochet through both. This makes the fly. After lapping for placket work in the back half of the stitch and around the skirt instead of back and forth. Continue in this way and widening every 10th row, until the points will have 10 stitches on each side of centre group of 3 stitches; make this the last widening; work 5 rounds of Navy Blue, then 5 rounds of Red, 5 rounds of Navy Blue and Red alternately, then 5 rounds of Red and finish with 5 rounds of Navy Blue. At top of skirt make a row of D C with 2 chain stitches between each D C, and edge it off with Navy Blue in Sg. C. Draw ribbon through.

INSTRUCTIONS

FOR SIZE 6½ HAND

Begin with a chain of 40 stitches, join, and make 5 rows of slip stitches.

Sixth Row—Make slip stitch by picking up the front edge of stitch; 5 rows thus, and begin the thumb. Make 1 chain, knit 1 stitch, make 1 chain and continue as above around the row —this increases the thumb.

Next row plain, next increases same as before. 1 row plain, continue in this manner until you have 23 increased stitches; be sure to always make the increase in the same place so as to form a gusset.

Close the 23 stitches together to form the thumb, join, work on the 40 stitches for the front of hand, 18 plain rows, and decrease by drawing 2 stitches together to 1, until you have the desired width. Knit together to close the front.

Finish the thumb by narrowing 2 stitches at the joint, 1 row plain, narrow 1 stitch at joint, leaving 19 stitches. Make 7 rows plain, narrow 2 stitches each row to make point.

Finish the cuff, make 1 row 1 D C in each stitch, next row 1 D C, skip 1 stitch, 1 D C, stitch back in the stitch you skipped, next row 1 Sg. C, 2 chain stitches, 1 D C all around the mitt.

INSTRUCTIONS

FOR SIZES 4 OR 5

The slippers are made in the slip stitch.

First Row—Make a chain of 16 stitches, which will allow you 1 stitch for turning, crochet 7 stitches, increase 2 extra stitches in the 8th stitch, crochet 7 stitches and 1 chain, turn.

Second Row—Crochet across (taking the stitches or loops from the back, this forms the ribs), without increasing. You will then have formed 1 rib of vamp.

Continue making ribs, increasing 2 stitches only in the centre of every other row, or every rib, until there are 26 ribs in the vamp.

To begin sides take up 24 stitches, work 4 ribs, then increase 1 stitch on the upper side by making 2 chain instead of 1, continue widening every rib until there are 34 stitches, work 14 ribs without increasing, decrease in like manner until you have 24 stitches, work 4 ribs, connect at left side.

TURN-OVER—With white cast on steel knitting needles 22 stitches, knit 60 ridges or 120 rows, bind off, with black work in long stitch, according to design, sew carefully on slipper and finish with ribbon bow.

INSTRUCTIONS

FOR 8½ SIZE

Cast on 100 stitches, 34 on each of 2 needles, 32 on the third. Knit 5 rounds plain, on the 6th round * yarn over needle twice, knit 2 together. Repeat from * all around.

Knit 5 more rounds plain. Turn the edge up inside and with each stitch on the needle knit 1 corresponding loop from the edge, forming a fancy hem.

Then knit 2 and purl 2 for 40 rounds. Now knit 5 inches plain. At the 1st row of plain knitting make the seam stitch, which must be purled to the end of the heel.

After 5 inches of plain knitting is done, narrow at each side of the same stitch. (This is done by knitting to within the last 3 stitches of seam stitch; slip 1, knit 1, draw the slip stitch over the knitted one, knit 1, purl the seam stitch, knit 1, knit 2 together, knit the rest plain.) Repeat this 9 times, doing 8 rounds between each narrowing. Then knit without decreasing until the entire leg measures 20½ inches.

HEEL—Divide the stitches, having 17 on each side of seam, knit and purl these stitches until the heel measures 2½ inches, slipping the 1st stitch of every row. To turn the heel—First Row—Slip 1st stitch, knit 17, purl seam stitch, knit 2, knit 2 together, knit 1, turn.

Second Row—Slip 1, purl 6, purl 2 together, purl 1, turn.

Repeat 1st and 2d rows alternately until there are 17 stitches on the needle, knit these 17 stitches, and on the same needle pick up 16 loops along left side of the heel, knitting each loop as you pick it up. On the 2d needle knit the 45 instep stitches, on the 3d needle pick up 16 loops on the other side of the heel and knit 8 stitches off the 1st needle or top of the heel.

GUSSET—First Round—* on 1st or foot needle, knit plain to within 2 stitches of the end, knit them together. Knit along instep needle. On 3d or foot needle slip 1, knit 1, pass the slip stitch over, then knit plain to end of needle.

Second Round—Like the 1st round.

Third Round—Knit plain.

Repeat from * until there are 80 stitches in the round.

Then knit plain for 3½ inches.

Now the narrowing of the toe begins as follows: Divide the stitches equal on 4 needles, 20 on each, knit 1 stitch, slip 1, knit 1, pass the slip stitch over the last knitted 1. Knit plain to end of needle. Repeat all around. Knit round plain. Continue narrowing every other round at beginning of each needle until 4 stitches are left, 1 on each needle. Bind off and secure yarn on the wrong side.

Cast on 66 stitches, knit 3, purl 3, making rib of 3 and 3 for 40 rows.

Right-hand Glove—The palm facing the knitter, on the right-hand side.

Knit 13 rounds plain; on the 14th round begin to increase for the thumb, by knitting the 1st stitch plain, increase 1 in the next stitch (insert the needle in the stitch, make a stitch, then in the back of same stitch make another stitch, now slip the stitch off the needle. This gives you 2 stitches in 1), then knit 31 stitches plain, purl 3, and knit 3, for the remaining stitches of round.

Fifteenth Round—Same as the 14th, only instead of 31 knit 32 stitches plain.

Sixteenth Round—Same as the 15th, having 36 stitches plain.

Seventeenth Round—Knit 1 plain, increase 1 in the next stitch, knit 37 plain, purl 3, knit 3, for the remaining stitches of round (this reverses the pattern, thus forming a small block). Continue knitting in this way until you have increased 26 stitches, making 93 stitches on the needle, being careful to reverse the pattern or block on every 3d round.

Thread a needle with coarse cotton, pass it through the 28 stitches for the thumb. Tie the cotton. Continue the work and pattern for 30 rounds.

First Finger—Knit 6, take a needle and cotton and pass it through all the stitches on the hand, except the last 13 stitches. Now use 3d needle, cast on 4 stitches; this is for the inside of finger. Divide the stitches for the finger equally on 3 needles, continue to knit plain in the round for 24 rounds, then decrease by knitting 2 of the inside stitches together. Knit 8 rounds plain, then decrease by knitting 2 of the inside stitches together. Knit 6 rounds plain, knit 2 together, then knit 2 all around, knit 2 together, knit 2 all around, knit 2 together, and then knit 1 all around until you have 14 stitches remaining on the needle. Draw the yarn through the 14 stitches, draw together, fasten the yarn firmly on the wrong side.

Second Finger—Put the next 7 stitches from the inside of the hand on a needle. Cast 4 stitches on another needle, then take the last 8 stitches off the cotton onto a needle. Now pick up the 4 stitches, cast on for the 1st finger, and work as before, making finger 6 rounds longer previous to beginning to decrease.

Third Finger—Take 7 stitches from inside of hand, cast on 4 stitches, take the last 7

stitches off the cotton, pick the 4 stitches from inside of second finger, and knit as directed for the 1st finger, making 3 rounds more before beginning the decrease.

FOURTH FINGER—Take all the stitches remaining on the cotton and pick up the 4 stitches from inside of the 3d finger. Knit 18 rounds, decrease as before, and finish the same way. Now finish the thumb by taking stitches off the cotton onto 3 needles. Work 18 rounds plain, decrease 2, then knit 6 rounds, decrease 2, knit 4 rounds, decrease 2, then knit 2 all around until you have 16 stitches remaining; finish as directed for fingers.

LEFT-HAND GLOVE—Same as the right-hand glove up to where it says, on the 14th round, begin to increase for the thumb. Begin purl 3, knit 3, purl 3, knit 3, purl 3, knit 3, purl 3, knit 3, purl 3, knit 3, purl 3, knit 31, increase 1 in the next stitch. Knit the last one plain.

Fifteenth Round—Same as the 14th, only instead of 31, knit 32 stitches, increase 1 in the next stitch, knit 1.

Sixteenth Round—Knit 3, purl 3, knit 3, purl 3, knit 3, purl 3, knit 3, purl 3, knit 3, purl 3, knit 33, increase 1, knit 1. Continue knitting in this way, until you have increased 26 stitches, making 93 stitches on the needle, being careful to reverse the pattern on every 3 rounds.

Thread a needle with coarse cotton, pass it through 28 stitches knitted for the thumb. Continue to work in rounds on 65 stitches, also pattern for 30 rounds.

FIRST FINGER—Knit 13, take a needle and cotton, pass it through all the stitches on the hand, except the last 6 stitches, then work like first finger of right hand.

SECOND FINGER—Take the next 8 stitches from the outside of the hand on a needle, cast 4 stitches on another needle, then take the last 7 stitches off the cotton onto a needle. Work like second finger of right hand.

THIRD AND FOURTH FINGERS—Same as 3d and 4th of right hand.

INSTRUCTIONS

FOR SIZE 7 HAND

Cast 60 stitches on 3 needles and knit 60 rounds in ribbed knitting, 2 stitches plain and 2 purled.

Follow with 70 rounds of plain knitting for the hand.

In the 3d round of the 70 begin to widen for the thumb gore. To begin, widen at both sides of the first 2 stitches, and then 5 times thereafter, with intervals of 2 rounds in a line above the previous widenings. For the widenings, having knitted the first 2 stitches mentioned, knit a stitch crossed out of the succeeding horizontal mesh. (For cross knitting insert the needle downward at the back instead of upward at the front.) Purl the following stitch, then having knitted the round, purl the stitch that precedes the 2 named and knit 1 crossed out of the horizontal mesh succeeding it; at each successive round the number of stitches between the widenings will naturally be increased. After the last widening round (the 18th round) knit 2 more rounds, then take the stitches of the thumb gore on separate needles and knit 24 rounds for the thumb, in the last 4 of which point it.

Then continue the hand.

In the 1st round out of the mesh connecting the thumb stitches knit 2 stitches crossed. In the following round knit 2 stitches together on both sides of these 2 stitches, and in the succeeding round knit each one of these stitches together with the one beside it, thus forming a gusset.

The hand is narrowed in the last 11 rounds. In the first of these knit 2 stitches together at both sides of the 1st stitch, and at both sides of the middle stitch, then narrowing before the stitch to be knit plain, and thereafter in every following 2d round narrow in the same manner, then in last round divide the stitches into halves and cast off, knitting the stitches of both halves together in pairs.

INSTRUCTIONS

FOR 36-INCH CHEST

Cast on bone needle 290 stitches, knit 1, purl 1 for 144 rows, or 18 inches long; on the 145th row knit 1, purl 1 for 68 stitches. This is for right-hand side of jacket. Bind off 6 stitches, knit 1, purl 1 for 142 stitches, bind off 6 stitches, then knit 1, purl 1 for 68 stitches. This is for left-hand side of jacket. This divides the jacket in 3 sections. Now knit and purl the 68 stitches for 20 rows; on the 20th row knit 2 together at the end of the needle toward the front, decrease 1 stitch every other row until you have 46 stitches left and 65 rows. This is the left side.

Now work the back for 65 rows, then bind off 46 stitches together with the left side, the seam is to be seen. Leave the rest of the stitches from the back on the needle.

Now work the right side to correspond with the left, then bind off 46 stitches with the back together. There will be 50 stitches left. Keep them on the needle, pick up the stitches along the 2 fronts, divide them on 3 or 4 needles, knit plain, and increase 1 stitch at each point every other row, work 6 rows, or 3 ribs, now knit the buttonholes on the left side. Knit them in this way: Knit 9, bind off 3, knit 9, so on to the end of needle. Next row cast on 3 stitches over the bind-off on the previous row, knit plain 6 rows more. Bind off loosely.

SLEEVES—Cast on 130 stitches, knit 1, purl 1 for 130 rows, slip stitches on steel needles, and decrease to 86 stitches for cuffs; this is done by knitting 2 stitches together, then purl 1, then 2 together, so on until you have 86 stitches. Make the cuff 60 rows long, bind off loosely and crochet the sleeve together and into the armhole.

Face the jacket on both sides and around the neck, sew over the buttonholes and sew button on the right side.

For 38-inch chest, knit 15 stitches more; this will make each front from the armhole 5 stitches more, and 5 stitches more for the back. The same directions will answer for 40-inch chest, knitting 30 stitches more, and 15 stitches more for sleeve.

Cast on for border at bottom 26 stitches. Knit 1 plain, * wrap, slip 1, knit 2 together, repeat from *, always knitting first and last stitch plain. Do this until you have 100 rows knitted (1 needle being a row). Be sure to slip the stitch that was knitted together in previous row, and the wrap and 1 to be knitted together, so as to have the same number of stitches every row. The 100 rows make the half of the width of the sweater. Bind off easily.

With bone needles pick up on one side of border sufficient number of stitches, knitting

twice into same stitches, for half of sweater, which should be 124 for 36 inches or 136 for 38 inches, increasing 12 stitches for every size larger, and decreasing 12 stitches for every size smaller, the sizes being designated by even numbers.

Now knit ribbed, 2 purl, 2 plain, until you have 130 needles knitted, or more if you desire it longer under the arms (this is up to the armhole mark for armhole), then rib continuously until you have 60 more needles for armhole. The entire length of sweater with border should measure 32 inches before beginning the shoulder.

Commence shoulder, adding 1 stitch to each end, making 126 stitches; use steel needles; knit 1 row plain.

Pattern for shoulder:

First Row—1st stitch plain, 3 plain, 3 purl, continue to end of row, last stitch plain.

Second Row—1st plain, purl 1, * 3 plain, 3 purl, * repeat from * to *, purl 2, last stitch plain.

Third Row—1st plain, 1 plain, * 3 purl, 3 plain, * repeat from * to *, last stitch plain.

Fourth Row—1st plain, * 3 purl, 3 plain, * repeat from * to *, last stitch plain.

Fifth Row—1st plain, 2 purl, * 3 plain, 3 purl, * repeat from * to *, 1 purl, last stitch plain.

Sixth Row—1st plain, 2 plain, * 3 purl, 3 plain, * repeat from * to *, 2 purl, last stitch plain.

Seventh Row—First plain, * 3 plain, 3 purl, * repeat from * to *, last stitch plain.

Eighth Row—1st plain, 1 purl, * 3 plain, 3 purl, * repeat from * to *, purl 2, last stitch plain.

Ninth Row—1st plain, 1 plain, * 3 purl, 3 plain, * repeat from * to *, 2 plain, last stitch plain.

Tenth Row—1st plain, 2 purl, * 3 purl, 3 plain, * repeat from * to *, last stitch plain.

Eleventh Row—1st plain, 2 purl, * 3 plain, 3 purl, * repeat from * to *, 1 purl, last stitch plain.

Twelfth Row—1st plain, 2 plain, * 3 purl, 3 plain, * repeat from * to *, last stitch plain.

Thirteenth Row—Plain; binding off 37 stitches on each end for shoulders leaves 52 in centre for neck, which must be increased to 65, by knitting twice in the same stitch, every 4th stitch of the 1st row of neck, which should be done in plain knitting. Knit the other half of sweater exactly like first half, then join at neck, dividing the 130 stitches of the 2 sides of neck on 3 needles (steel). Knitting tightly ribbed, 1 purl, 1 plain, until the neck ribbing measures from 8 to 9 inches, according to length required. Finish off with 12 rows like shoulder pattern for border of neck.

SLEEVE—Cast on bone needles 122 stitches, ribbing 2 plain, 2 purl, alternately for 40 rows; knit 1 stitch plain at the beginning and end of row, knitting 2 together at each end every seventh row until you have narrowed 5 times, losing 10 stitches, then continue the ribbing until the sleeve measures 17 or 19 inches from shoulder and 112 stitches wide. Take steel needles, knit 1 row plain and 6 rows of shoulder pattern, knit 1 row plain, narrow off 8 stitches in different parts of the row until you have 104 left.

Finish with cuffs ribbed 1 plain, 1 purl, alternately, 6 inches in length, close sweater from armhole to bottom, close sleeves and place seam of sleeves in the hollow of armhole, where sweater is joined.

4 Steel Knitting Needles No. 15

INSTRUCTIONS

Cast on 80 stitches (divided on 4 needles).

Rib by knitting 2 and purling 2 until the sock is 4½ inches long.

Knit plain, making 1 stitch the seam stitch, until the sock reaches 7 inches in length, then narrow on each side of the seam stitch for the ankle. (This is done by knitting to within the last 3 stitches of seam.)

Slip 1 and knit 1, draw the slip stitch over the knitted one, knit 1, purl the seam stitch, knit 1, knit 2 together, knit the rest plain. Repeat this 5 times, make 5 rounds between each narrowing. Knit plain until the leg measures 10½ inches.

For the heel, divide stitches, having 17 on each side of seam. Knit and purl the stitches until the heel measures 3 inches. (Always slip the 1st stitch, whether it be knit or purled.) Knit across, knit 20, knit 2 together, knit 1, turn, purl 5, purl 2 together, purl 1, turn, knit 5, knit 2 together, knit 1. Repeat the last 2 rows until you have 7 stitches left.

Pick up side stitches, make 3 plain rounds, narrow.

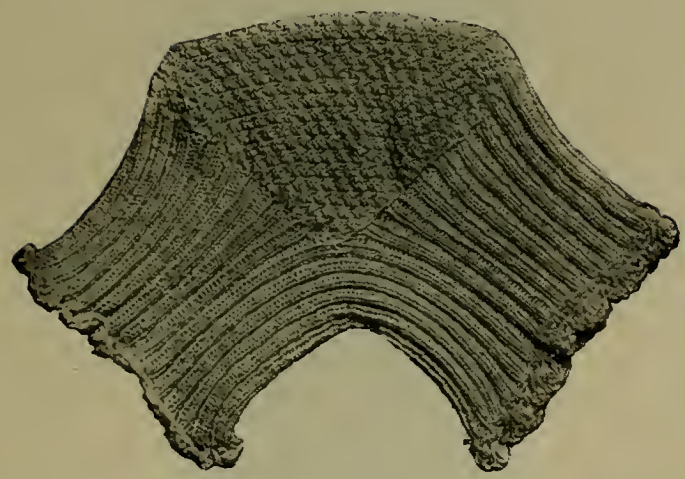
Knee Caps

KNIT



MATERIAL—Columbia Spanish Knitting Yarn

5 Steel Knitting Needles No. 15

INSTRUCTIONS

Cast 114 stitches divided on 4 needles, and work with the 5th needle as follows: Knit in rib style for 47 rounds, by purling 2 and knitting 2.

In the 48th round begin the gore, which covers the knee. Knit off the first 26 stiches, and knit them separately back and forth, purling 2 and knitting 2.

After knitting 2 rows in this manner, change the pattern by knitting the stitches that were purled and purling the ones that were knit, thus forming a small square.

In knitting this gore, 1 stitch is taken from the needle at each side of the 26 stitches each time across after the 1st row. This widens the gore, then it is knit as described above.

Continue taking stitch from the needles until there are only 42 left of the original ribbed portion. This brings the gore to the points at the side and completes the upper half of the knee cap.

Work the lower half of the gore separately, narrowing 1 at the end of each row until only 26 stitches are left. Take up 23 stitches at each side of these 26 stitches along the selvedge of the gore. This will bring you to the side of the gore.

Then divide the stitches as evenly as possible on the 4 needles and work in rib style the same as top, 47 rounds, being careful to continue the ribs of the upper portion.

Finish the knee cap with a border of plain crochet.

Directions for Washing Knit Garments to Avoid Shrinking

1. Make warm SOAP SUDS (not much soap). Proper heat for the suds is just uncomfortably hot for the hands, but so as not to scald.

2. The washing and rinsing should all be done in warm—not hot water.

3. Use pure soap only; no chemicals or washing powders.

4. Do not rub soap on the garment. Put the garment through the wringer and back in the suds 3 or 4 times. Rinse out in clear water, *very thoroughly.*

5. Wash carefully, rubbing as little as possible, and *never on a washboard.*

6. *Let the Suds and Wringer do the work.*

7. Stretch the garments lengthwise and dry quickly in the open air.

Part of the reward of buying a good yarn comes to you when you wash the garment made of it. The best wool stands washing best, and the best is Columbia.

No garment, however, should be washed without the greatest care, in accordance with the directions given.

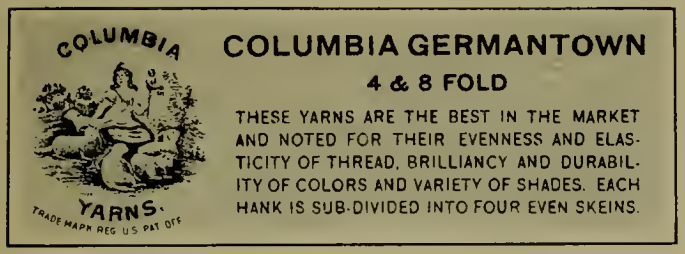
Two classes of things are those which have ostentation without quality, and those which have quality without ostentation. There are two classes of people: those that select the one, and those that love the other

The "COLUMBIA YARNS" Label



This ring-label (facsimile above), with the Columbia shepherdess trade-mark, is around every hank of genuine Columbia Yarn.

Be sure it is always on the yarn you buy, to get the most satisfactory results from your knitting and crocheting.

Besides the "ring-label," we illustrate the Columbia carton—showing how the yarn is packed.

The system of packing and inspecting Columbia Yarn is very thorough and very strict. You will find their excellence consistent through the greatest number of packages.
